WIN FOONG

COMPANY PROFILE

About Us

Win Foong Air-Con Services was established in 2009 and Win Foong Engineering Pte Ltd in 2023. We provide air conditioning installation and maintenance services. We focus on quality and innovation, so we regularly train and strive to become a trusted choice for customers and gain a competitive advantage. We also handle various air conditioning and mechanical ventilation projects in residential, commercial, and industrial sectors and have successfully completed multiple projects.

Our Goal

**Our goal is to lead and ranked No. 1 in the air conditioning industry
and set example for our peers.**

Our Core Values

Honesty

We pursue all business opportunities in a fair and ethical manner.

Integrity

All statement, communications, and representations must be complete, accurate, and honest. All contracts must be performed according to the contract specifications and requirements.

Sincerity

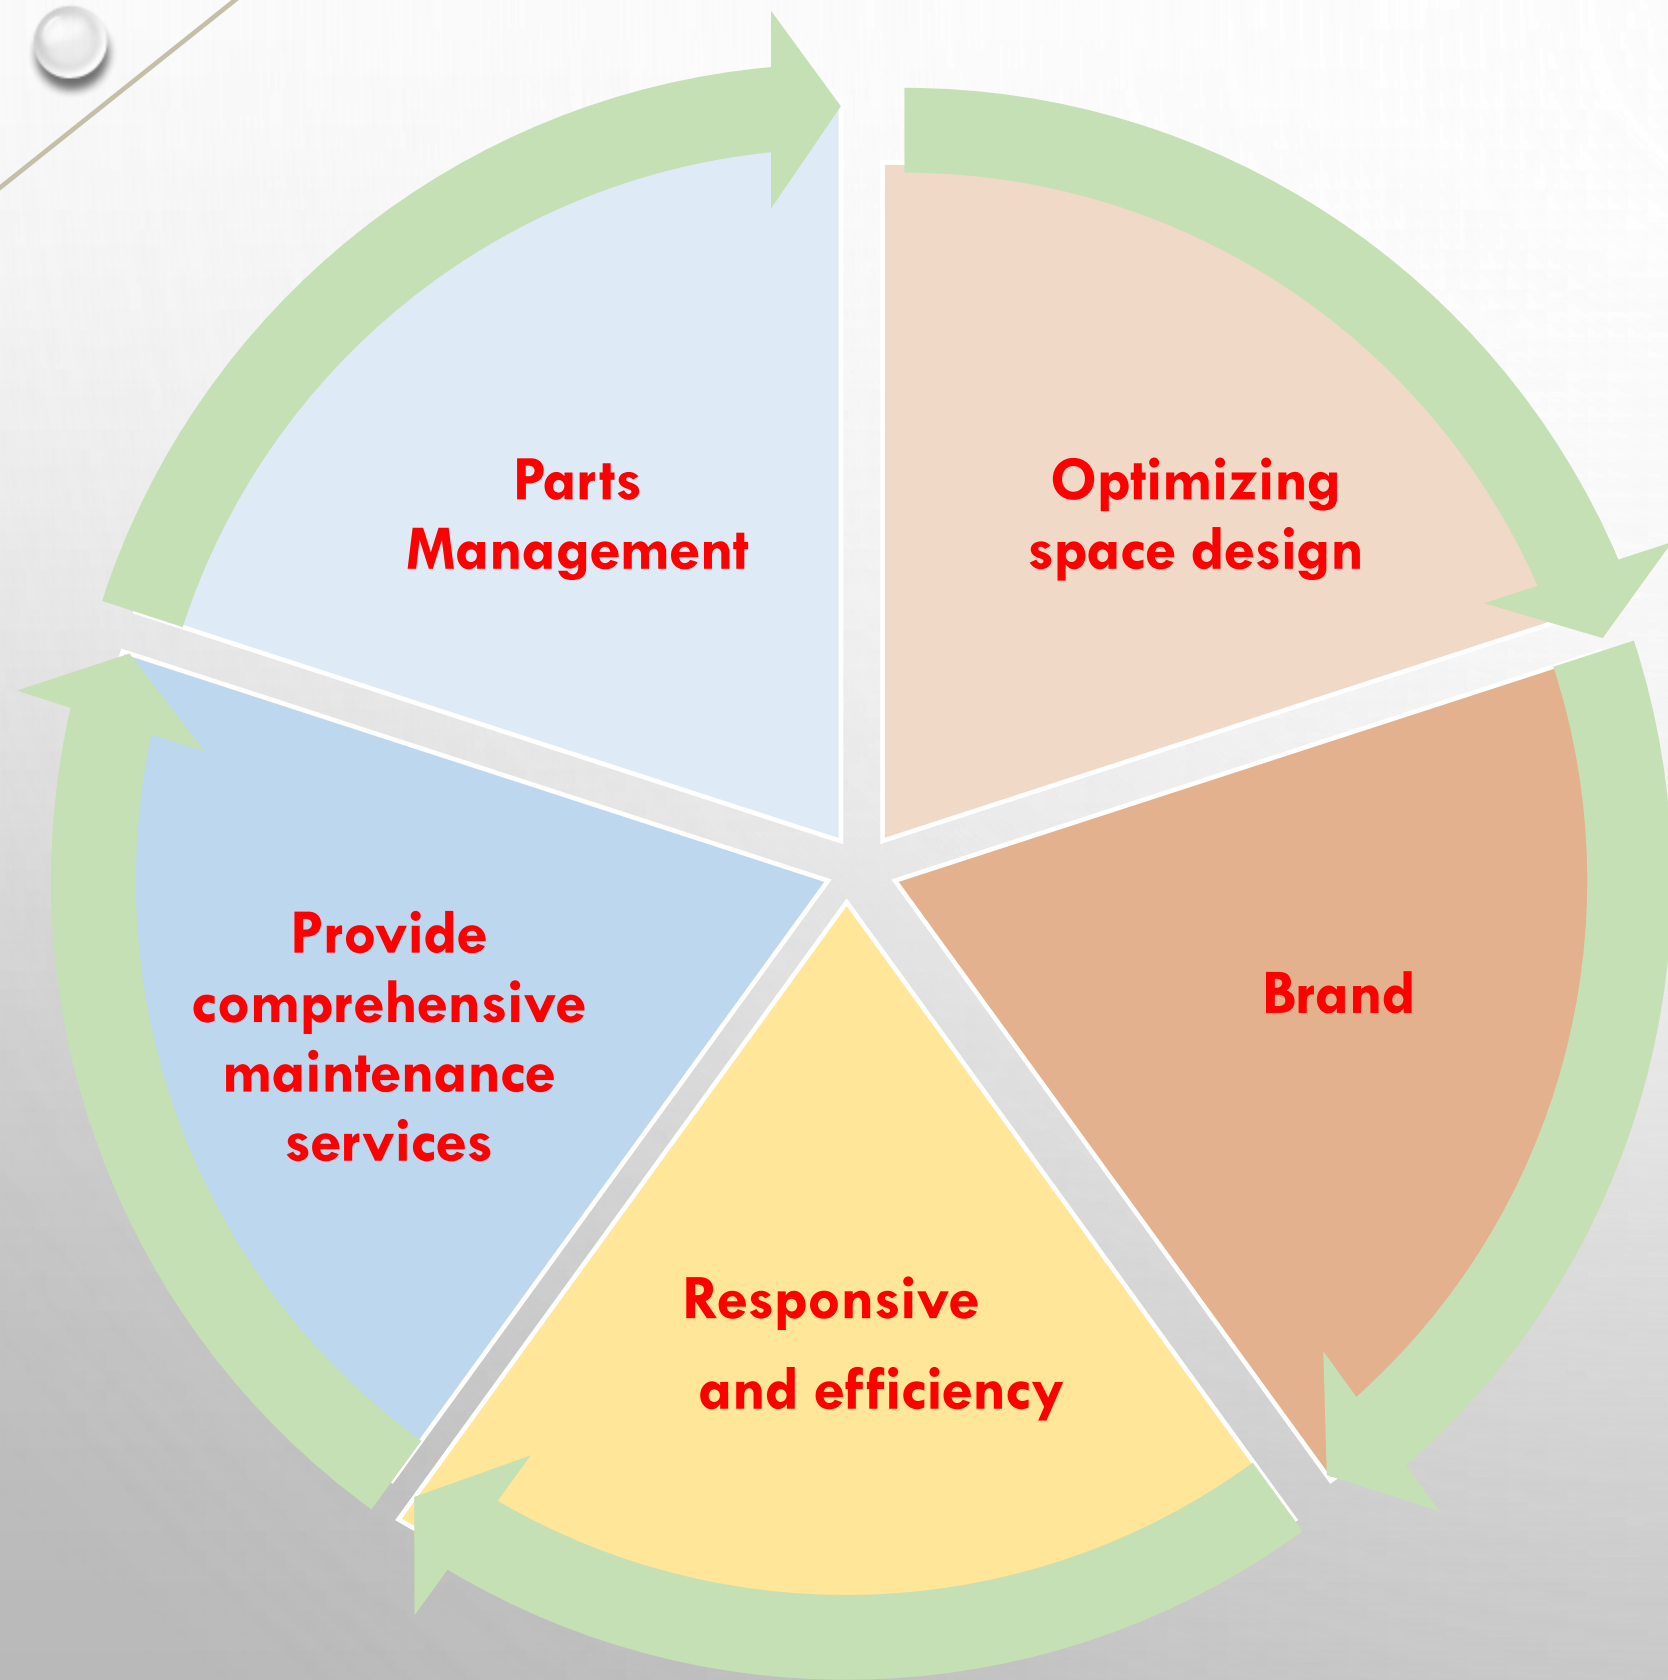

We strive to fulfill our commitments. Customer interests are our basic requirement. We never avoid or hide problems and do our best to solve customers' problems.

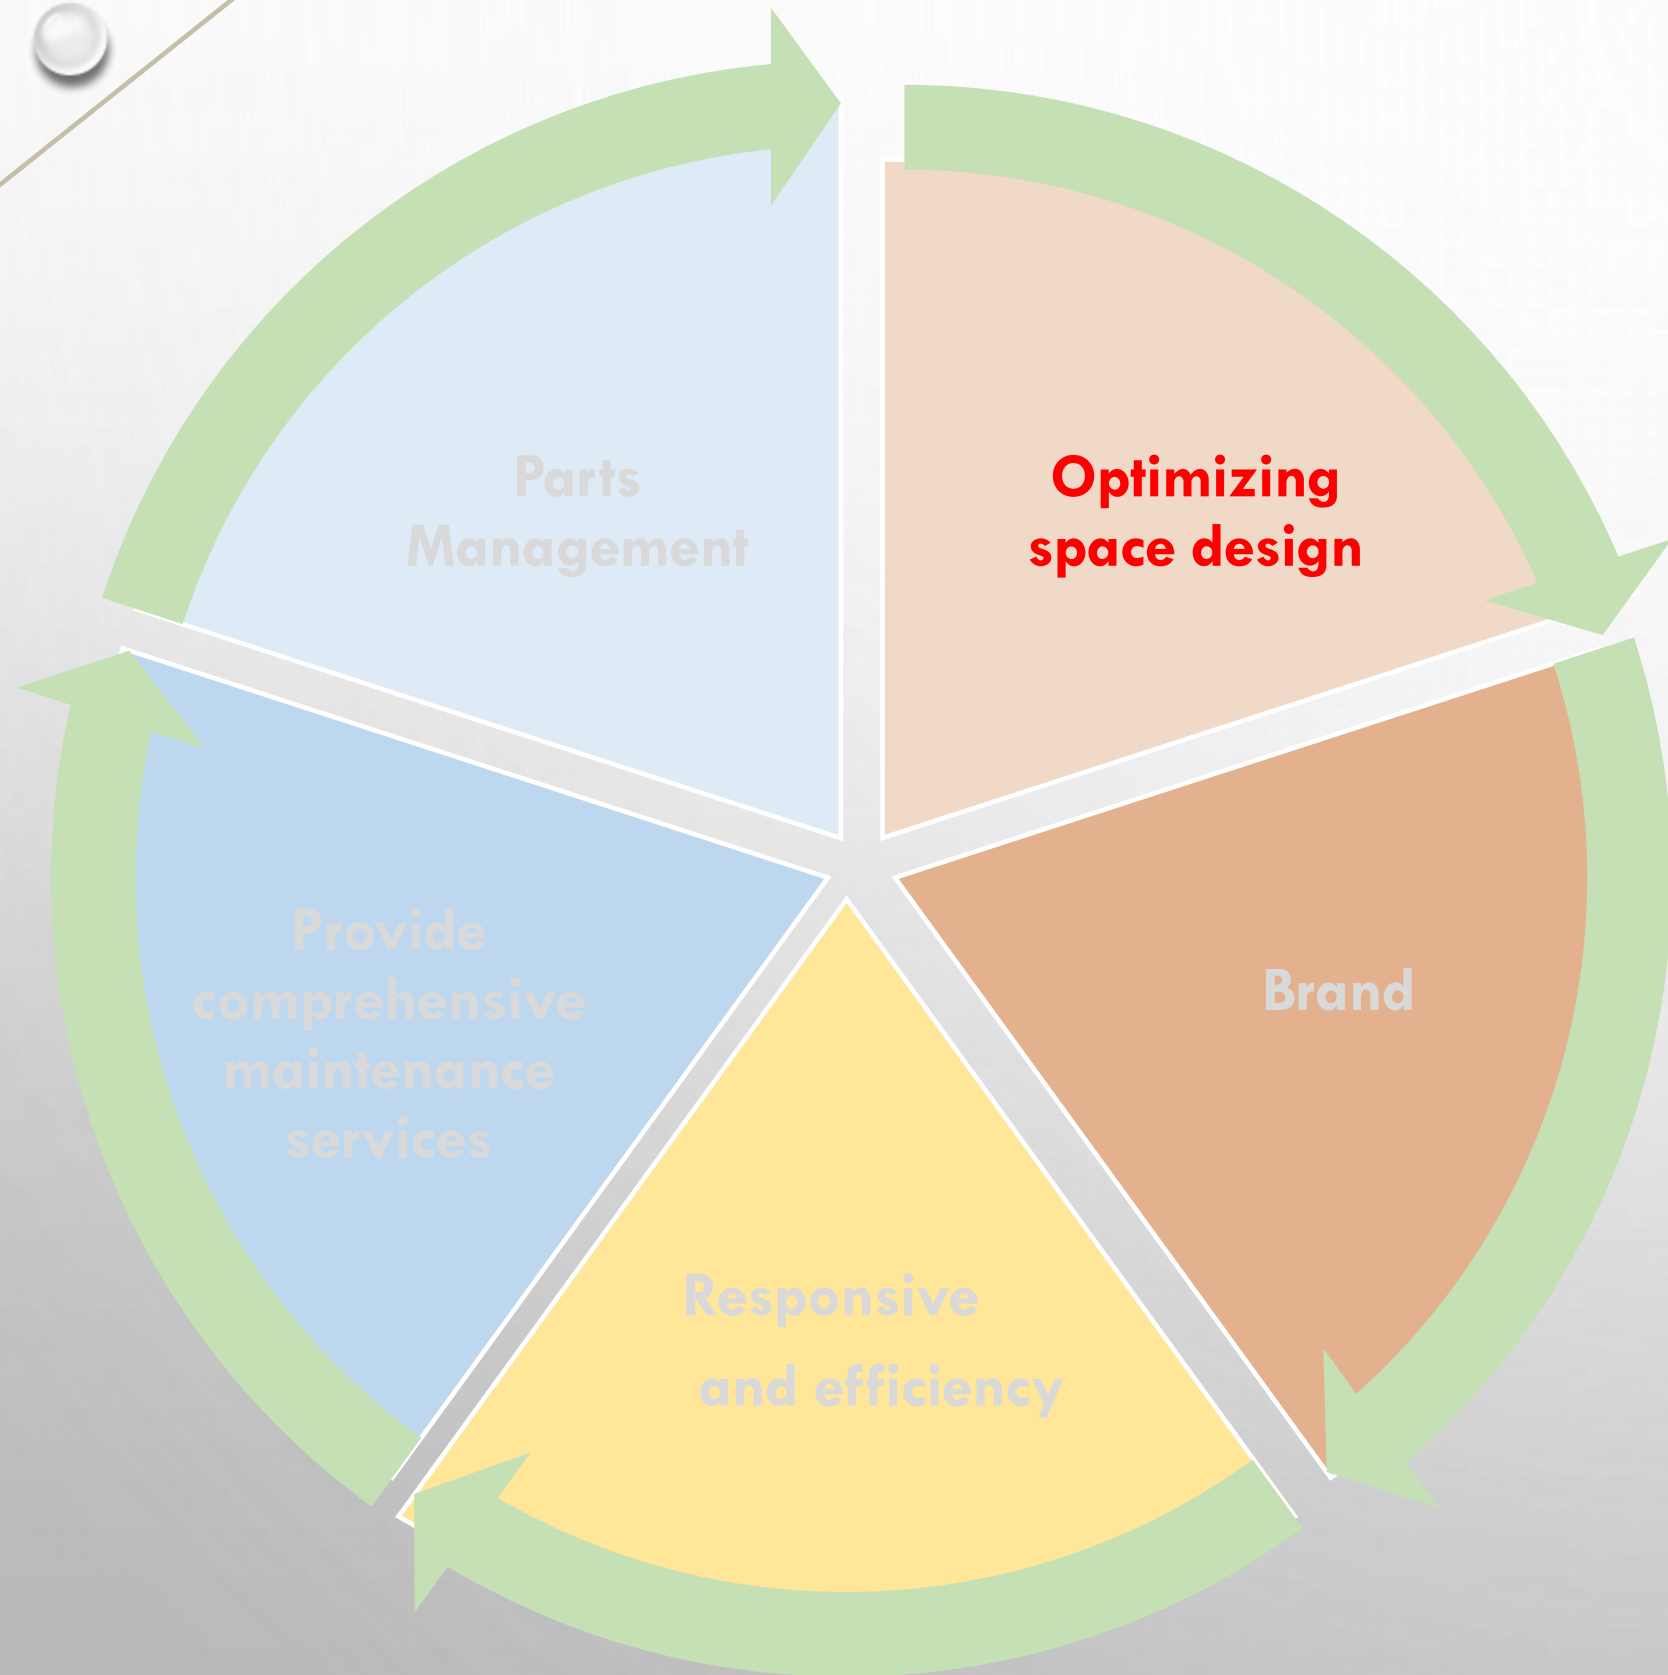

Commitment

Treating every customer sincerely and serving with a smile is our requirement. Every partner in our team is dedicated and hardworking. We ensure all scheduled work is completed.
